Sir,

I have the honor to state that applications have been received from some villages in this District for the holding of weekly markets or santés therein. It is found that in several instances the sanction of Government has been applied for and obtained for the holding of such santés. (Vide Government orders nos. 803-4/P.B. 26-08-2 dated 24th July 1908 and 5853-4/P.B. 348-05-2 dated 28th February 1906). I am however unable to find any authority expressly stating that the order of Government should be obtained in such cases.

2. I therefore beg to be favoured with the

As regards the interdiction of the holding of the Santhes on private lands, I think that with a view to secure to Government the revenue derived from the sale of manure to collected on the Santhe-sites, and to avoid complications arising from private rights, usually Government lands are preferred for holding the Santhes.
